RE: Reference for Guy Jamieson.

To Whom it may Concern,

This letter is to confirm that Guy Jamieson contracted to Machine Productions from October 2005 to May 2006. During that period Guy's friendly disposition and his constantly high degree of professionalism and efficiency in the performance of his duties as an animator gave me the confidence to promote him to the position of Lead Animator in November 2005. Even with the heavier workload that went with this position, Guy continued to perform at a level far exceeding all expectations.

Another aspect of Guy's personality that is an asset to any company is his willingness to take on all challenges, be them animation, hardware or software related. His knowledge of all things animation and computer is outstanding. Finally, with all the challenges we threw at Guy on not just a daily basis, but often an hourly basis, he never lost his sense of humour or his ability to prioritise and multi-task to get all the jobs done in the necessary time frame.

I have no hesitation in recommending Guy for any position he applies for and am more than happy to give a verbal reference should it be deemed necessary.

I wish Guy all the best in his future endeavours, and look forward to working with him again on other productions.

Sincerely

Nigel Broadbridge
